WARNING:

Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

PETITION FOR EXTENSION OF TIME

In re Application of Glen Sumner, Inventor

Application Number 08/520,711 Filed: August 29, 1995

Patent Number 5,871,034 Date of Patent: Feb. 16, 1999

Title: Offshore Pipeline with Waterproof Thermal Insulation

Examiner: Patrick Brinson Inventor: Glen Sumner

This is a request for an extension of time of **two months** to correct the Petition to Accept Unintentionally Delayed Payment of Maintenance Fee in An Expired Patent. The reasons for requesting the extension of time are as follows:

I filed a Petition to Accept Unintentionally Delayed Payment of Maintenance Fee in An Expired Patent along with the payment for the maintenance fee and the fee for reviving the patent. I filed this on March 7, approximately two weeks after the patent expired. I signed the payment form, but failed to sign the Petition itself. The patent office rejected the petition because I did not sign it (although I did sign the certificate of service). The Patent Office attempted to inform me of this rejection in a letter dated June 17, 2011. However, this letter was sent to original address of record, which was the address of the law firm that originally handled the application. This law firm is no longer in business, and the letter was returned to the US patent office. I only learned about this rejection of my Petition when I checked on line after becoming concerned that I had not received a reply from the patent office. After calling the Patent Office, I received a copy of the letter by fax on October 7, 2011. According to the letter, I was allowed only two months to make the corrections to my Petition, but because I never saw the letter until October 7, 2011, I cannot respond within that time frame, and I need an additional two month extension of time.

I submit this Petition for an extension of time along with my signed Petition to Accept an Unintentionally Delayed Payment of Maintenance Fee in an Expired Patent. Because you already have my payment for the maintenance fee, and the reinstatement fee, I have included a payment of \$280.00. The amount of the fee for the extension (\$280.00) is taken from the following USPTO web page:

<http://www.uspto.gov/web/offices/ac/qs/ope/fee092611.htm#extend>. I have also included the \$400.00 payment you said you required in your June 17, 2011 letter, but I question as to the purpose or validity of that fee under the circumstances. I therefore request that you review these charges, and if you find that I have overpaid, I request a refund of the overpayment.
